"REFORM. REBOUND. RECOVER. ONE MILLION JOBS FOR 2021"

The prolonged community quarantine took its toll in the Philippine economy with hundreds of thousands of smaller enterprises closing, and millions of Filipinos losing their jobs. As we safely and gradually reopen the economy, signs of recovery can be gleaned as the unemployment rate was down at 8.7% in April 2021 from a high of 17.7% last April 2020, based on the Labor Force Survey of the Philippine Statistics Authority (PSA). Likewise, the PSA also announced that the gross domestic product (GDP) shrank 4.2% in the first quarter of 2021, up from a 2020 average contraction of 9.6%.

To address the serious unemployment problem, the government formulated the National Employment Recovery Strategy (NERS), an employment recovery plan from 2021 to 2022 that aims to create a policy environment that encourages generation and improved access of employment, livelihood and training opportunities, improve employability, wellness, and productivity of workers, and provide support to existing and emerging businesses to preserve and create employment. On 24 June 2021, President Rodrigo Roa Duterte signed an Executive Order adopting the NERS and reinforcing job generating programs through the NERS Inter-Agency Task Force.

In support of the NERS, key government agencies and the business and employer groups have decided to implement a partnership project called "REFORM. REBOUND. RECOVER. ONE MILLION JOBS FOR 2021." The project aims to immediately source Filipino talents for deployment in the construction, manufacturing (particularly semiconductors and electronics), tourism and

- hospitality, and export industries, under a policy environment that would help create jobs all over the country.
- In this regard, the business/employers sector shall:
- Identify job vacancies from its member companies;
 - Find jobs for the qualified but unemployed;
 - Recommend to the NERS Task Force specific improvements in the business environment;
 - Coordinate with the NERS Task Force and provide necessary assistance in post-job Caravan events (i.e. onboarding process, vaccination process and reskilling/upskilling referrals);
 - Co-organize and participate in Job Caravans; and
 - Provide other support and monitoring mechanisms in the implementation of the project.
- Meanwhile, the NERS Task Force shall undertake the following responsibilities:
- Facilitate coordination with the IATF-AEID to secure vaccination for workers who will qualify in the partnership project;
 - Consult with and provide assistance to businesses, especially on improving the environment that can generate more jobs;
 - Provide profile of workers who can be referred to existing job vacancies;
 - Continue to implement the Telecommuting Act and promote other alternative work arrangements in accordance to existing laws and policies;
 - Provide training for workers who will not qualify for job vacancies;

NERS
NATIONAL EMPLOYMENT RECOVERY STRATEGY

28 August 2021

THE SECRETARY
MELVIN TORIL BELLO III
Department of Labor and Employment

Dear Aseem Kato:

We allow you file to attend our session promptly as your good office for the moment subject to the National Task Force/NTF-COVID-19.

In reference to your letter dated 02 July 2021, kindly be informed that we have previously reviewed the memorandum request in the National Vaccination Operation Center (NVOC) headed by Engr. Nemesio Calabig for that appropriate action. Further, we would like to ask your good office the feasibility of the memorandum to your respective IATF.

Kindly accept our deepest appreciation for your continued support during the state of national crisis. We wish you continued health and safety in the process you track in the service of the Filipino workers in NERS-19 pandemic. Always look forward to further dialogues for our shared commitment, and country, may we take care for knowledge in the pandemic and continue to work together as we build back a better Philippines.

Respectfully,
Melvin Toril Bello III
SECRETARY KABBAYOG-GABAYOG
1101 Commissioner and Director-Gen.
National Task Force against COVID-19

1 MILLION JOBS FOR 2021

Reform. Rebound. Recover.

CONSTRUCTION WORKERS VACCINATION PROGRAM UNDER THE ONE MILLION JOBS PROJECT OF THE NATIONAL EMPLOYMENT RECOVERY STRATEGY (NERS) TASK FORCE

CONSTRUCTION WORKERS VACCINATION PROGRAM UNDER THE ONE MILLION JOBS PROJECT OF THE NATIONAL EMPLOYMENT RECOVERY STRATEGY (NERS) TASK FORCE

First of all, we would like to thank the Honorable Labor and Employment Secretary Silvestre H. Bello III for supporting the program to vaccinate the workers in the construction industry. Moving forward, please see our proposed [pending] allocation for the initial 202,000 vaccines for the Philippine construction industry nationwide. On Manila as the initial vaccination area for construction industry workers in the National Capital Region and adjoining provinces, we will wait for your further details on the matter. In the meantime, we have already issued a circular to members for the preparation of the list of vaccines for the National Capital Region. We do look forward to monitoring your advice as to the roll-out in other parts of the National Capital Region – as per our attached file – that our chapters are hoping for. Again, thank you very much for this support to the Philippine construction industry. Yours sincerely,
Wilfredo C. Decena

- Coordinate with Local Government Units (LGUs) on the provision of transportation services to workers who will get their vaccination jobs and need to transfer from one LGU to another;
- Organize and invite relevant stakeholders in job caravans; and
- Provide other support mechanisms in the implementation of the project.

Signed this 30th day of June 2021 at the Closing Ceremonies of the 42nd National Conference of Employers (NCE 42) of the Employers Confederation of the Philippines.

Proposed sites and allocation submitted by PCA, subject to realignment

Vaccination Program Rollout: 4 stages

Green Light to come from the NERS Secretariat

Our role as private sector partners

1. Appoint a point of contact (POC), and inform PCA National
2. Organize a working team, i.e., masterlisting, scheduling, and coordination
3. Masterlist of workers to be vaccinated with required data (in compliance with Data Privacy Act)
4. Require each company to name a coordinator to work with the POC and the working team
5. Coordinate with the NERS Secretariat as to the schedule, and needed augmentation support
6. Assist in ensuring the readiness of the vaccination site – including banners and signages
7. Provide a schedule batching per hour – indicating name and company
8. Name a Site Manager or Coordinator who will coordinate all activities on vaccination day
9. Ensure that all registered workers, or substitutes are at the vaccination site, as scheduled
10. Assist in ensuring that all workers follow health protocol and social distancing
11. Provide substitute for those who failed to show up for vaccination, deferred, or refused
12. If needed and if possible, to provide meals for the volunteers, as well as snacks for the vaccinees
