

**Executive Diploma in Project Management****EDPM ONLINE**

an experience never experienced before

**Schedule: Quarter 1 - 2022****Batch-1** 11 to 27 February 2022**Batch-2** 11 to 27 March 2022**Module 4 (20 hrs)**  
Advanced Project & Program  
Management Concepts & wisdom  
Sharing by 14 Thought Leaders from  
6 countries**Module 1 (20 hrs.)**  
Totality of Project Management leading to  
Certificate In Project Management  
- ISO 17024:2012 Accredited**Module 3 (20 hrs.)**  
Two Real Time Simulations (UK) & Experience  
Sharing by PM Stalwarts from  
Japan & Finland**Module 2 (20 hrs.)**  
Advanced Project Risk Management &  
Experience Sharing by 2 risk management  
gurus from U.K. & Iceland'Knowledge that does not change behavior is useless'.  
- Dr. Yuval Noah Harari, Author of Homo Deus and Sapiens**i2P2M is**Revolutionising  
Project  
ManagementTransforming  
Learning to  
Competency DevelopmentApplication at Workplace  
Measuring Benefits  
Documenting Best Practices**EDPM - transforming knowledge to outcome****Enroll Now for EDPM Online 2022 Batches 1 & 2**

**i2P2M** integrates Online broadcast with virtual classroom and Learning Management System (LMS)

**Most robust, state of the art technology for Online Executive Education globally**

### **i2P2M's Technology & Broadcast :**

- i2P2M has its own studio and provides top of the line broadcast.
- Multiple cameras used for effective switching between various sources i.e. Speaker, PPT presentation, white board, user interaction etc. enhancing Video Feeds.
- Device independent - Laptop/Desktop, ipad, Mobile & Smart TV.
- Browser based. Platform independent.

### **Online Sessions :**

- Students will feel the experience of being in a classroom with convenience of joining from anywhere.
- High quality PPTs, 2D/3D animations, video clippings, infographics & interactive exercises.
- Conducted by nationally & internationally renowned faculty.

### **Online Learning Methodology**

- Q&As in each session to ensure participants fully involved.
- Questions and comments will be uploaded on Cloud and participants can access them.
- i2P2M digital library will have videos which can be accessed by participants.
- 100s of practice questions.
- For Modules 1 and 2 on Totality of Project Management and Advanced Project Risk Management, over 200 online questions with answers will be available for practice and strengthening understanding and knowledge framework.
- Participants will have ACCESS to recorded Lectures and Experience Sharing by eminent global speakers.
- Reports can be uploaded by the participants after each module within 7 days on i2P2M's cloud space.
- After doing the home work for each module, participants will have access to the right answers.
- Automatically, will become a member of EDPM Online Alumni for exchanging ideas and experience sharing.

i2P2M is

Revolutionising  
Management

Transforming  
Learning to  
Competency Development

Application at Workplace  
Measuring Benefits  
Documenting Best  
Practices

**i2P2M offers top rated  
Diplomas in Project Management &  
PM Certifications for Individuals**

(International Accreditation  
as per ISO/IEC 17024:2012)

**i2P2M is the only Indian company which has international accreditation in project management for its Certificate In Project Management credential.**

IAF- International Accreditation Forum  
NABCB – National Accreditation Board for Certification Bodies under Quality Council of India (QCI).

**i2P2M** - International Institute of Projects and Program Management, a non-profit company was incorporated in 2008 as a Section 8 company with the vision to equip project leaders, managers and professionals across central / state government, public & private sector companies and research institutions to handle the complexity of tomorrow. Its aim is to build their Knowledge, Competency and Leadership through comprehensive learning with its application at the workplace, exposure to best practices, relevant case studies, real time computer based simulations of complex project and leadership scenarios and sharing of experience and success stories with industry stalwarts from India and abroad.

**i2P2M has two major streams.** One stream is in providing the International / Executive Diploma in Project Management (I/EDPM®) in association with the School of Business of The George Washington University, Washington D.C., USA which is a leading university in the field of project management.

The **second stream** relates to administering of nine project management certifications for individuals. The training for these certifications is provided by separate training organisations.

i2P2M has realised its Vision with astounding success. It has set a new benchmark globally in I/EDPM® its diploma programs. The 16 Uniqueness of I/EDPM program is at the core of this accomplishment. i2P2M has revolutionised project management by transforming Learning to Competency Development and thereafter its application at workplace resulting in measurable benefits and documentation of the best practices. As on January 2022, 1420 professionals from 169 organisations have gone through the I/EDPM program held in India and USA.

i2P2M deploys resources from IITs, IIMs, Stalwarts from India & USA and reputed training organisations for the I/EDPM program.

i2P2M is recognised as one of the four global certification bodies for project management. The syllabus for its flagship credential, the Certificate In Project Management is very comprehensive covering 8 project life cycle phases. The certification methodology is very robust and is the only one globally with negative marking as well as having 4 sections in the paper that must be passed independently.

i2P2M has an Academic Industry Council (AIC) which provides strategic direction and policy framework. The AIC has distinguished individuals from Academia, Industry, R&D organisation and Representatives of Ministry of Power, ISRO, Assocham, IITs and IIMs.

### PM Certifications

Seen in the photo are seven persons who acquired the prestigious Certificate In Project Management (CIPM) credential administered by i2P2M. Certificates were handed over by i2P2M Chairman, Adesh Jain. They were all senior management professionals from Bharat Broadband Network Ltd. (2018).

### I/EDPM Diplomas

62 participants of IEDPM from 23 organisations intently listening to various speakers from NASA at the Goddard Space Flight Center, USA. (2015)

Anuj Aggarwal who was chairman of Airport Authority of India receiving his GWU Certificate from professors of the George Washington University, USA. (2012)

(2011) 39 senior professionals of IEDPM program from 17 companies at NASA Headquarters, Washington D.C.

← **From Classroom  
(2011-2019)**

**To Online  
(2020 onwards)** →

(2021) 250 participants in EDPM Online 2021 from 55 institutions across 6 Countries

## Module-1

Understanding the Totality of Project Management (TPM)  
Leading to Certificate In Project Management (CIPM)

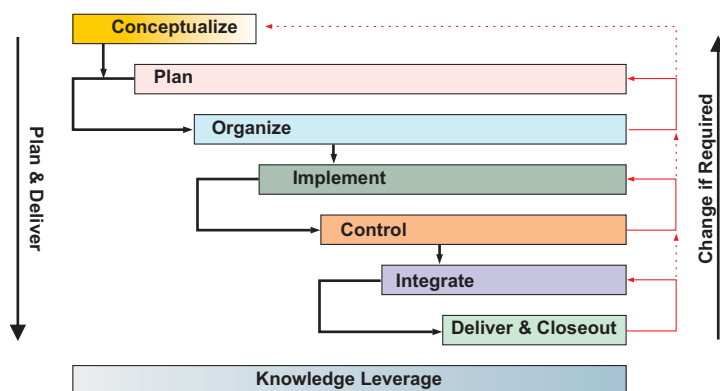

Being a global program participants can choose their local time.

**Suggested Timings:** 9.30 am to 5.30 pm inclusive of breaks

**Batch 1** - 11 to 13 February 2022 (Fri to Sun)

**Batch 2** - 11 to 13 March 2022 (Fri to Sun)

Totality of Project Management (TPM) covers 8 Project Life Cycle Phases, 36 Knowledge Areas and 119 Concepts.

TPM has eight Project Life Cycle (PLC) phases – Conceptualize, Plan, Organize, Implement, Control, Integrate, Deliver & Closeout and Knowledge Leverage. Each phase has been depicted using different colors of varying intensity showing the intensity of the work during that phase. Three additional Project Life Cycle phases Organize, Integrate, Knowledge Leverage were introduced first time globally.

TPM has the most comprehensive coverage of project management with cutting edge tools and techniques and soft skills.

Totality of Project Management (TPM) is most unique globally. Its additional 3 project life cycle phases namely Organise, Integration and Knowledge Leverage added to conventional 5 project life cycle phases used by other global PM associations, provides a most comprehensive 360 degree coverage of the project management.

The Certificate in Project Management (CIPM) Examination is ISO 17024:2012 accredited and has negative marking for wrong answers making it again unique in the world.

CIPM Exam administered by International Institute of Projects and Program Management (i2P2M) Is divided in 4 independent sections to pass in addition to the minimum % marks for the entire paper in UNIQUE as against only one section only followed by all the global certification bodies. This ensures robustness of the exam testing knowledge of a candidate across the syllabus. The CIPM Examination fee varies from half to one fourth of the fee charged by the other global certification bodies.

2.5 hour Certificate In Project Management (CIPM) online exam will take place from 10.00 am to 12.30 pm.

For Batch 1 (18 February) & Batch 2 (18 March)

**Certificate In Project Management (CIPM) is administered by i2P2PM, which is the only Indian Company with ISO 17024:2012 accreditation in Project Management for it's Certificate In Project Management.**

**IAF** - International Accreditation Forum

**NABCB** - National Accreditation Board for Certification Bodies under Quality Council of India (QCI). The nodal ministry of QCI is Ministry of Commerce and Industry, Government of India.

## PM1: Understanding the Totality of Project Management (contd.)

"What makes Certificate In Project Management (CIPM) program world class is its comprehensive syllabus covering 8 project life cycles phases, 36 knowledge areas and 117 concepts with an extremely robust certification process. **I myself have gone through the CIPM and in my opinion, it should be a pre-requisite for all PM professionals globally.**"

- Prof. Dr. B. Nag, IIM Calcutta (2015)

"Certificate In Project Management (CIPM) is unique and should become **a must for professionals of an enterprise to create a common vocabulary.**"

- Dr. Hiroshi Tanaka, President, Project Management Association, Japan and PM Advocate of JGC Corp. (2007)

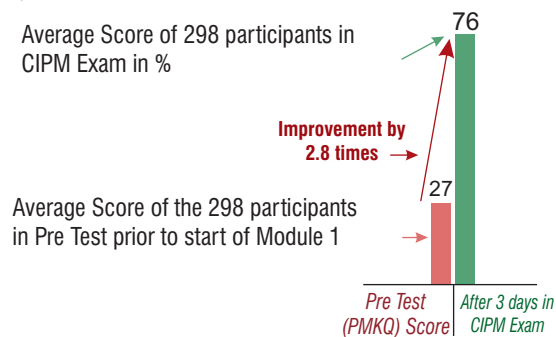

"I have attended many other classes in project management both formal (university, academic setting) and informal (non-academic) but Ms. Ruchira Jain's delivery and mastery of topics is unparalleled. My hats off to her teaching."

- Brian Ernest Regalado, Founder and Lead Educator, Build Quotient AEC Training Institute. Philippines (2021)

**17000+ professionals across 600+ companies from 25 countries**  
**have done Totality of Project Management. Professionals from Philippines from some of the leading companies are :**

The training is started with an initial knowledge assessment Pre Test through CEPM's Project Management Knowledge Quotient (PMKQ) tool. After the TPM training we find an astounding improvement. For example, there was a 2.8 times improvement in the 298 participants of the EDPM 2020 and EDPM 2021 (batches 1-4) diploma program.

A participant will also be eligible to get certification from International Association of Project Managers (IAPM), Liechtenstein.

CIPM certification is recognised by International Association of Project Managers (IAPM). Depending upon the experience, one can either become **Certified Project Manager (CPM)** or **Certified Senior Project Manager (CSPM)** from IAPM by paying a small fee. It is a major additional global qualification for a participant.

## PM2: Certificate In Project Management (CIPM) Examination (10.00 am to 12.30 pm at your local time)

For **Batch 1** (18 February) & **Batch 2** (18 March)

CIPM exam is of 2.5 hours. Paper has 4 sections covering the 8 project life cycle phases. i2P2M administers the CIPM exam which is ISO 17024:2012 accredited. CIPM exam is the only PM exam globally with negative marking providing robustness to exam process. Exam has 150 multiple choice questions based on application of knowledge, scenarios and computations.

## Report on Module 1

It is a must to submit the report outlining the key takeaway for applying to one's work place. This is one of the 16 Uniqueness of I/EDPM program where learning is applied to demonstrate measurable benefits.

Participants to upload their Module 1 report to i2P2M Cloud Platform **within 7 days of the completion of the module**

**TPM Syllabus is in line with Niti Aayog's recommendation for project management which leads to Certificate In Project Management (CIPM) with ISO1024:2012 accreditation**

26 Knowledge Areas out of the 36 knowledge Areas is shown below

TPM's Eight Project Life Cycle Phases (PLC)

(bullets) cover 82 out of the 119 PM concepts

Project Life Cycle Phase - Conceptualize		Project Life Cycle Phase - Plan (Contd.)		Project Life Cycle Phase - Control (Contd.)	
 Stakeholders	<ul style="list-style-type: none"> <li>Stakeholder Requirements</li> <li>Stakeholder Analysis</li> </ul>	 Risk & Opportunity	<ul style="list-style-type: none"> <li>Risk vs. Project Life Cycle</li> <li>Risk assessment</li> <li>Risk Identification</li> <li>Risk Register</li> </ul>	 Team Performance	<ul style="list-style-type: none"> <li>Leadership</li> <li>Motivation Theories</li> <li>Conflict Resolution</li> </ul>

## Module-2

### Advanced Project Risk Management and Experience Sharing Sessions (ESS) Leading to Certification in Project Risk Management (CrtPRM)

Being a global program participants can choose their local time.

**Suggested Timings:** 9.30 am to 5.30 pm inclusive of breaks

**Batch 1** - 18 to 20 February 2022 (Fri to Sun)

**Batch 2** - 18 to 20 March 2022 (Fri to Sun)

**2.5 hour Certificate In Project Management (CIPM) online exam will take place from 10.00 am to 12.30 pm.  
For Batch 1 (18 February) & Batch 2 (18 March)**

### Advanced Project Risk Management

**Batch 1** (18-19-20 Feb. 2022) **Batch 2** (18-19-20 Mar. 2022)

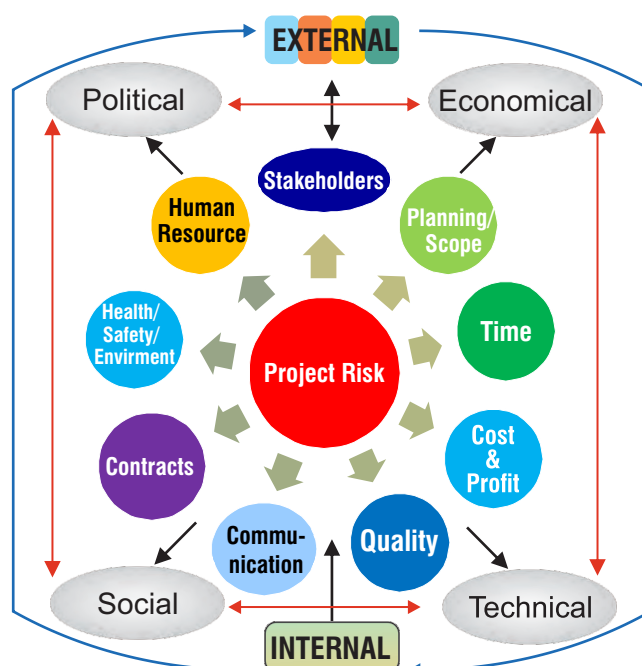

Adesh Jain

Adesh Jain, Founder of World Project Management Forum (WPMF) and Chairman, i2P2M holds a Bachelor of Electrical Engineering from the Indian Institute of Science, Bangalore in 1965 and Masters of Engineering from Canada. He worked in the fields of artificial intelligence and large scale computing in North America.

In 2005, he became the first and is till date, the only non-European to have been President of International Project Management Association. In 2006, he became the Honorary Chairman of China Construction Project Management Committee (CPMC). He was invited twice to give presentations at the NASA PM Challenge Conferences in 2010 and 2012 on 'Breaking boundaries - the key to innovation' and 'Awakening of project consciousness through stakeholders buy-in' respectively. Recognizing his global contribution in project management, Government of Turkey released a postal stamp in his honor in November 2010. **In short, he is a visionary leader shaping the PM profession globally.**

Projects are taken up to build the future and have many uncertainties. Risk is, therefore, at the center stage of managing projects. Risk management is 50% of project management. Diverse interests of stakeholders contribute significantly to project risks. Along with Advanced Risk management concepts some success stories in managing risks will also be covered in this module. As shown in Figure-1, Risk Is Everywhere (RIE). Risk is uncertainty that matters.

#### Risks we take and Risks we face

©Adesh Jain 2018

Figure-1

#### Strategy implementation through projects

Front end efforts and taking a holistic view holds the success in forming strategies and thereafter implementing them through projects.

©Adesh Jain 1994

Figure-2

**Risks are those  
uncertainties that matter**

**risks we take and risks we face**

*Being proactive in risk is  
least risky*

*Create new possible futures by viewing risks  
- both threats and opportunities*

**Managing uncertainties  
requires Risk Mindset**

#### The Advanced Project Risk Management covers :

- 4 types of Uncertainties - Stochastic (possible events), Aleatory (variability), Epistemic (ambiguity) and Ontological (blind spots) and their linkage to risks.
- Enterprise Risk Management Models - COSO, ISO 31500, IRM
- Risk Identification and Categorisation- Tools and Methodologies
- Risk Evaluation and Quantification
- Possible Risk Response and Mitigation Strategies
- Risk Appetite, Thresholds, Attitude and Culture
- Risk Control Processes
- Complexity of Projects and Emergent Risks in the age of Technological Disruptions

The training is started with an initial knowledge assessment Pre Test through CEPM's Risk Management Knowledge Quotient (RMKQ) tool. After the ProRM training we find an astounding improvement. There was a 2.7 times improvement in the 298 online participants.

Average Score of 298 participants in  
CrtPRM Exam in %

Average Score of the 298 participants in  
Pre Test prior to start of Module 3

#### PM3B: Certificate in Project Risk Management (CrtPRM) Online Examination (3.30 pm to 5.30 pm)

**Batch 1 (20 Feb.2022) Batch 2 (20 Mar. 2022)**

Since the launch of CrtPRM credential in 2011, as on date there are over 1200+ professionals from 149 companies across all sectors with CrtPRM certification. India is one of the few countries where we have a specialised certificate in project risk management.

#### Report on Module 2

It is a must to submit the report outlining the key takeaway for applying to one's work place. This is one of the 16 Uniqueness of I/EDPM program where learning is applied to demonstrate measurable benefits.

Participants to upload their Module 2 report to i2P2M Cloud Platform **within 7 days of the completion of the module**

**Advanced Project Risk Management - Some Feedback**

**The commitment of the faculty especially Dr Jain is commendable.**

Nanda Nandan R  
Dgm (Quality Engineering)

**Understanding The Risk We Take, Risk We Face & Risk is Every where through Advanced Risk Management was an Eye Opening. It has totally changed my perception of risk management. Our guru Adesh Jain, sir, thank you immensely for teaching us with passion.**

Rajani B, AGM (Method Planning)

**Wow ! World class and great experience of our Guru is unparalleled.**

Sundaresan S  
DGM (Service), KGF Complex

**Sri Adesh Jain is benchmark for his attitude, his discipline, his timeliness, at this age is something really great.**

Raghunath A  
DGM (M/c. Shop), Mysore Complex

**Best exposure in the field by the best guru globally.**

Krishnamurthy S  
DGM (Corporate Materials)

**Mr Adesh Jain, Imparting PM awareness is not a profession for him but a "Mission".**

Gp Capt Mukesh Sharma  
Air HQ (VB), HQ IDS (MoD)

**A lot of passion was displayed by Mr. Adesh Jain on concepts on Risk Management Processes.**

Capt (IN) Sandeep, Naval HQ,  
Indian Navy

**Sir you have made the experience of this module a 'WOW' experience, an experience never experienced before.**

Maj Priyanshu Goyal, Planet, HQ IDS, HQ IDS (MoD)

**It was just superb program on project risk management. must for all project professionals.**

Brian Ernest Regalado, Founder and Lead Educator, Philippines

**Our Guru Shri Adesh Jain sir who is & will always be pioneer in this field across the Globe.**

P R Parate, GM (PJ), Refinery

**My vision has certainly widened. All regards and compliments to our guru for enhancing my understanding.**

Satish Jha, General Manager (CP),

**Coverage of project risk management is superb.**

Saurabh Ahuja, AGM-Refinery EDC

**I feel Proud to say Mr Adesh Jain is my GURU, and I am his disciple if he accepts.**

Shaji P J, General Manager  
(Water Transport), KMRL

**The one great take away of the session was a quote from our guru Adesh Jain that "If we can not control the tides, we can learn to build better boats".**

Sajith V, Senior Deputy General Manager  
(Signalling & Telecom), KMRL

**In 12 hours, we learnt almost 100 hours of risk management. Thank you Sir and a BIG salute to you. You are a great person. May God bless you, Sir.**

Rekha Prakash, General Manager  
(Design), KMRL

**It is extraordinary and delivered light on the risk management.**

R Arul Raj Sankar,  
Deputy General Manager (Track),  
KMRL

**Dr. Hukur's (iceland) presentation has left deep & sound effect on thinking approach on risk management. The assorted thoughts on Risk Management by our Guru Adesh Jain sir has given me a new direction. I am privileged to have gone through the risk management program.**

Prayuddhkumar C. Suthar, Manager Projects

## Module-3

## Computer Based Real Time Simulation Programs and Experience Sharing Sessions

Being a global program participants can choose their local time.

**Suggested Timings:** 9.30 am to 5.30 pm inclusive of breaks

**Batch 1** - 24 to 25 February 2022 (Thu to Fri)

**Batch 2** - 24 to 25 March 2022 (Thu to Fri)

### PM2: Real Time Simulation Workshops

**Guy Giffin**

With specialisation in simulating the challenges of leading complex projects, Prendo's simulations are used at many of the world's top business schools, including Columbia, IMD, INSEAD, MIT Sloan, Oxford/Saïd and Wharton.

Guy Giffin, Director, Prendo Simulations will be speaking to participants. Guy has delivered hundreds of simulation workshops in over 30 countries around the world, with organizations including: Bechtel, EDF Energy, Gazprom, Goldman Sachs, IBM, Morgan Stanley, Oracle, Petrobras, Shell and the United Nations. He teaches on various MBA, EMBA and executive programs at Cambridge, Columbia, MIT Sloan, etc.

### Why Simulate?

Online education combined with real time computer based simulation programs is again one of the major strengths of I/EDPM program in making learning effective and meaningful to organisations.

Leaders face many challenges in the modern world, including working with increasing levels of complexity and ambiguity, accelerating levels of change and uncertainty, as well as ongoing pressure to act responsibly and ultimately, to create value. The most powerful learning method to address these many challenges is advanced simulations, because participants must take the decision and see the consequences.

Lectures & slide presentations, books, articles, & papers are effective ways of sharing information. Case study discussions go further, but still don't force participants to take decisions or see the consequences. The next generation of leaders in particular are increasingly combining learning to competency development to implementation at work place to make their organisation competitive. i2P2M provides this platform through it's I/EDPM program.

#### People learn by doing

Complex skills can only be developed by (a) making decisions or taking actions, (b) experiencing the consequences, and then (c) figuring out what happened and why, and then repeating the process, i.e. practicing.

#### Simulations are better than real world experience

In contrast with using real projects and real organisations as their practice grounds, when mistakes can be very expensive, simulations are faster, lower risk, lower cost, and crucially, more effective because they make the link between cause and effect easier to see.

#### Simulations are essential in many professions

Pilots, military strategists and surgeons, for example, have long understood the importance of simulating their activities in order to improve their performance and reduce the risk of failure in the real world.

Three to five participants form a Team. The aim at the end of each simulation program is to excel in Key Performance Indicators (KPI). i2P2M Trophy will be given to one of the expected 60 teams which scores the highest marks in the 2 Simulation programs.

### PM2A: Real Time Simulation on Managing Stakeholders (virtual teams)

**Batch 1** (24 February) **Batch 2** (24 March)

Virtual EDPM online Program

Prendo was commissioned by Shell to design and develop a simulation of how typical spectrum of stakeholders behave during a major project. The simulation brings to life the universal leadership challenge of maximizing support across a range of parties who have different interests, agendas and motives. The simulation is used across the globe in numerous industries.

It provides challenge in balancing of People (settlement, schools, jobs), Economic (project profit, taxes) and Planet (rainforest, parrots, river pollution). This online simulation is used in managing stakeholder effectively. **Participant's gaining experience of 1 year in just 1 day.**

#### Key topics

- general management and strategy
- global and cross-cultural leadership
- ethical leadership and CSR
- stakeholder management
- influencing skills and networks
- communication strategy

#### Learning outcomes

- develop effective stakeholder consultation strategies
- develop detailed stakeholder analyses
- map & use influence networks
- understanding multi-cultural dynamics
- create a communication plan that reflects cultural preferences
- analyse the full range of human interests & motives
- balance conflicting stakeholder interests
- balancing People (settlement, schools, jobs), Economic (project profit, taxes) and Planet (rainforest, parrots, river pollution)

### PM2B: Real Time Simulation on Project Leadership (virtual teams)

**Batch 1** (25 February) **Batch 2** (25 March)

Virtual EDPM online Program

(80 team, 3 to 5 persons per team expected)

Prendo's 'SPATIUM' real time simulation on Project Leadership provides an intense, risk-free experience of managing a complex project.

It is a mind boggling experience that one goes through. In 6 hours, you gain 3 years of experience. **The "3 years in 6 hours" real time simulation** will take you across all the project life cycle phases which in real live situation will take 3 years from planning to completion. Often, a team member does not get an opportunity to work from the stage of conceptualisation to project closure. Great opportunity for the participants of IEDPM program. Top business schools and world fame companies regularly use these simulation programs to build competencies in managing projects and programs.

Developed in collaboration with the Major Projects Association, Prendo's Spatium simulation presents participants, typically organised in teams, with a challenging mission. It is an intense, but risk-free experience that will help them develop skills in the topic areas below.

#### Key topics:

- advanced project management
- implementing strategy
- managing risk & uncertainty
- stakeholder management
- teamwork
- complexity & ambiguity

#### Learning outcomes:

- define project success
- manage the early stages of a project
- develop an optimal contract strategy
- analyse and manage risks
- judge stakeholder-driven trade-offs
- juggle & integrate multiple disciplines
- plan & control a project
- take decisions in a complex scenario

## Three compelling reasons to use Simulation programs in I/EDPM

**INSIGHT** - the simulations ensure profound understanding by giving users chance to see 'both cause and effect'.

**FORESIGHT** - the simulations provide hands on experience to reduce the risk of making mistakes in the real world.

**EFFICIENCY** - the simulations provide accelerated experiences ensuring fast, effective and accessible learning.

## Prendo's simulations are used by many global organizations and leading business schools, including:

## Some comments the from the participants

The simulation exercise is a class of its kind never experienced before. I would like to thank i2P2M for including simulation exercises. It is a great experience. i2P2M is the only company in the world which includes real time simulation programs. Hats off to them.

It was a life time experience, having fun as well as learning. It gave many insights and sharpened my opinions. It also opened many a closed windows.

Awesome and creative way of learning and understanding from the stage of formulation to completion.

## Report on Module 3

It is a must to submit the report outlining the key takeaway for applying to one's work place. This is one of the 16 Uniqueness of I/EDPM program where learning is applied to demonstrate measurable benefits.

Participants to upload their Module 3 report to i2P2M Cloud Platform **within 7 days of the completion of the module**

## Module-4

## Advanced Project and Program Management Concepts

Being a global program participants can choose their local time.

**Suggested Timings:** 9.30 am to 5.30 pm inclusive of breaks

**Batch 1** - 26 to 27 February (Sat to Sun) | **Batches 2** - 26 to 27 March (Sat to Sun)

**Peter R. Easley Esq (USA)** - The World Bank, Washington DC. Former Deputy Chief Corporate Procurement & Head of Sourcing and Category Management. The World Bank, Washington DC and a well known authority on Procurement and Contracting management. He is widely traveled with rich international experience.

#### Topic: Procurement and Contracting

At the end of this module participants will have a good understanding of procurement and contracting and its impact on success of the project. The Candidates should be able to: (1) Discuss procurement and contracting processes and principle. (2) Explain and critically evaluate the contract administration issues including contract terms, issue management, cost management, change order management.

**Dr. Hans Stromeyer (Germany)** is co-founder and president of the International Association of Project Managers (IAPM). Before that, he was Director of Science Services and International Programs at Spacehab, Inc. in Houston. The company developed and operated manned modules in the payload bay of the American Space Shuttle. He was selected as an Alternate Astronaut by the German Space Agency (DLR). After that he was assigned to be the

#### Topic: Hybrid Project Management

Project Management is in a period of adaptation to our VUCA world. Today, projects aim to be more responsive to unclear customer demands. This development was spearheaded by the Agile Manifesto proclaimed by leading software developers in the USA. Scrum and other frameworks have rapidly gained attraction worldwide, prompting traditional projects to include agile mindset and methods. However, agility is not solely dependent on individuals, but also on organizations and companies. Hybrid project modeling allows combining classic and agile elements intuitively. Having successfully trained astronauts and managed space projects, the author has an understanding how to train people and develop hardware to be sent to space fostering new understanding of physics, engineering and human biology.

**Prof. Dr. Ralf Müller (Norway)** is Professor of Project Management at BI Norwegian Business School and Editor-in-Chief of the *Project Management Journal*®. He lectures and researches in leadership, governance, and organizational project management. His research appeared in more than 250 academic publications and with 15 well acknowledged awards including several lifetime achievement awards. Prior to his academic career,

#### Topic: Governance through Organizational Project Management (OPM)

Organizational Project Management (OPM) extends and integrates the distinct views of projects, programs, and portfolios and describes a governance approach to all project-related work in an organization. That includes the organizational and business-related integration of projects, programs, and portfolios and themes like multi-project strategies, governance paradigms, projectification, governmentality, and project-oriented organization structures. The presentation outlines an OPM model that integrates 22 of these themes for effective governance of organization-wide project work.

he spent 30 years in the industry, including a time as Worldwide Director of Project Management at NCR Corporation.

**Oliver Maeckel (Germany)** is Vice President and Partner at Siemens Advanta Consulting, Germany. He has been with Siemens AG since 1997. The focus of his current work is, in particular, the development and delivery of “first-of-its-kind” large-scale projects and especially the digitization of project business processes. Over the last years, he and his team have supported more than 200 major and mega projects in the pre-sale, sales and execution phase.

#### Topic: Mega projects – raw diamonds or raw eggs?

Mega projects are raw eggs, developed well they will change to be raw diamonds instead. The number of large projects continues to grow over the last decades. Nonetheless, these projects are more than often the first of their kind and therefore moving the final frontier. Scaling up things and working in this area is often risky due to many new situations and uncertainties. Planned creation and excellent execution, the eggs will become diamonds.

#### Topic: Project Mindset

The word ‘Project Mindset’ was coined and introduced by Adesh Jain in August 1999 in Stockholm, Sweden while giving a one day seminar on “Project Mindset – the Key to Competitiveness”. In last 20 years, lot of development has taken place in refining the conceptual framework of ‘Project Mindset’. A thought provoking presentation will be given to the participants with the latest conceptual framework of role of Project Mindset in managing projects.

Is a well-known PPM trainer covering Asia, Africa, Europe and Latin America. Is the founder and past president of Project Management Association of Japan (PMAJ).

## Topic: The BANI scenario and the New Generations in PM

How to deliver a project in a Brittle, Anxious, Nonlinear, Incomprehensible scenario? BANI is a logic that determines how your personal posture should be from now on. In addition, there is a great sense for companies to incorporate this philosophy and internalize it from strategic planning to their Leadership style. Welcome to the chaotic world, where conditions are not simply unstable, they are chaotic. Trying to control them, interpret them or even avoid them is no longer possible. The great competitive advantage of a professional or company, now, is knowing how to react to everything that happens. Some will be frozen waiting for a benchmarking to emerge.

## Topic: AI AND ML: How to future-proof your PM career

Artificial Intelligence (AI) and Machine Learning (ML) are two huge factors that is changing technology and business. But what is their impact on you? What will your job look like five years from now? Will it even exist in five, 10 or 20 years? And what will happen to the organization and industry you work for? We will discuss the definitions of these two terms, how they impact business and workers, and what things project managers can do today to prepare for the future.

## Topic: Managing in difficult times

After one year of COVID experience, it forces us to think in managing business through projects with a discontinuity. We are in deep uncertainty. Business management and project management practice are overlapping more than ever before. There are common benefits if we understand that better, define what should and have to do differently. A suitable solution is to double control, managing during the transition but also prepare for the new normal. To settle an early warning system for low probability risk and to follow an agile approach rather than rigid based planning. The most important to retain that this way of thinking and working could be the new normal.

## Topic: Environments and People Skills that Improve Organizational Performance

Creating excellence in project management occurs when sponsors appoint appropriate project leaders, and they apply methodologies, viewpoints, insights, and leading practices to optimize project-based work. Organizational maturity requires that leaders reduce organizational “toxins”.

## Topic: Agility in Corporate Enterprises Realized by Applied Project Management

COVID-19 pandemic, VUCA/ BANI environment, global sustainability commandment, and disruptive technology have changed the landscape of industry and society. Project management needs to respond to this global transition.

## Report on Module 4 and Composite Final Report (CFR)
