Part B. Operations																																																									
Competitiveness of the construction industry increased																																																									
CONSTRUCTION INDUSTRY REGULATORY PROGRAM																																																									
Outcome Indicator (s)																																																									
% increase in the number of contractors with Philippine Contractors Accreditation Board (PCAB) license			14%			14%	8.03%			8.03%			Annual Target The accomplishment rate covers the total number of contractors with PCAB regular licenses as of December 2022 (16,528) versus the total number as of December 2023 (17,856). The number increased by approximately 8.03%. Moreover, if the total number of PCAB-licensed contractors will be counted, including those with special licenses (joint ventures, consortiums, and foreign individuals) and small-scale / Pakyaw contractors, the number as of December 2022 would total to 24,788.
